

Your boss thinks you have no idea of CPU testing but wants you to prepare for tasks in that particular field. He asks you to listen to this interview and *take notes in English*. You will listen to the interview **twice**.

| No | Your notes                                     |  | CP               |
|----|--|--|------------------|
| 1  | The evaluation of CPU performance includes:    | <ul style="list-style-type: none"><li>• <u>a suite of software benchmark test</u></li><li>• <u>in house tests</u></li></ul> <p>in order to</p> <p><u>test how the cpu works in different situations</u></p> <p>_____</p> | ___/ 3           |
| 2  | Mostly used categories of desktop CPU testing: | <p><u>neowowns defects on graphics perfomance</u></p> <ul style="list-style-type: none"><li>• _____</li><li>• <u>productivity testing</u></li></ul> <p>_____</p>   | ___/ 2           |
| 3  | Requirements for in-house tests:               | <ul style="list-style-type: none"><li>• <u>new benchmark tests</u></li><li>• <u>own tests</u></li></ul>  | ___/ 2           |
| 4  | The result of a stress test in CPU testing is: | <ul style="list-style-type: none"><li>• <u>a propiatory score</u></li></ul>  | ___/ 2<br>p.t.o. |

|    |  |   |       |
|----|--|---|-------|
|    |  | <ul style="list-style-type: none"> <li>• <u>pc suitability under heavy wokload</u></li> </ul>   |       |
| 5  | Benefit of a certain uncommon benchmark test:                    | <p>how fast a cpu can compress and decompress</p> <p>crossplatform comparisson</p>  | __/ 2 |
| 6  | Measuring utilities for creation programs ...                    | <p>... test a PC's</p> <hr/> <hr/> <p>including special tasks:</p> <ul style="list-style-type: none"> <li>• _____</li> <li>• _____</li> </ul> | __/ 2 |
| 7  | Measurement of frames in a sequence shows ...                    | <p>how smooth a scene works in motion</p>   | __/ 1 |
| 8  | A lot of gaming tests highlight ...                              |   | __/ 1 |
| 9  | Variables that may make results not representative: (3 out of 4) | <ul style="list-style-type: none"> <li>• <u>temperature</u> _____</li> <li>• <u>thermal paste</u> _____</li> <li>• _____</li> </ul>           | __/ 3 |
| 10 | Overall assessment of performance includes: (2 out of 3)         | <ul style="list-style-type: none"> <li>• _____</li> </ul>   | __/ 2 |

|  |  |         |  |
|--|--|---------|--|
|  |  | • _____ |  |
